ABOUT ME

4+ years shipping production Flutter apps to Google Play & App Store. Expert in Firebase, NestJS, CI/CD pipelines, and state management (BLoC, Riverpod, Provider). Proficient in AI-assisted development with Claude Code — leveraging AI professionally to architect, build, and ship full products faster.

◆ 4+ Years Experience ◆ 10+ Apps Shipped ◆ 15+ Technologies

EDUCATION

UNIVERSITÉ ISET Master's in Software Engineering	(2017 - 2022)
UNIV. SALEM BEN HMIDA Bachelor's in Technology	(2012 - 2016)
NVIDIA / GITHUB / ORACLE Deep Learning · GitHub Foundation · AI Vector Search	(2024 - 2025)

WORK EXPERIENCE

2022 2025	CONTINUOUS NET Flutter & NestJS Developer. Built and maintained production Flutter apps (Android, iOS, Web) with BLoC/Riverpod/Provider. Developed REST APIs with NestJS, implemented CI/CD pipelines with Firebase App Distribution, FCM push notifications, Firestore, Crashlytics, and Analytics.
2025 2026	ZENIFY TRIP Built Tunisie Promo (500+ downloads on Google Play) and G-Sunshine travel apps with Flutter, Firebase, Socket.IO, and CI/CD. Delivered cross-platform Android, iOS & Web apps with real-time features.
2025 2026	FREELANCE Built Facturation — a full-stack Flutter & Firebase invoicing app for small businesses. PDF generation, Firestore real-time sync, multi-user auth, and signed APK release using AI-assisted development.
2024 2025	GITHUB.COM/OUSSAMAM TH1 linkedin.com/in/oussama-methnani-bb4145206 oussamamethnani.vercel.app
